

Fundamentals of Digital Photography, will be offered once again this season. This fun, plain-language course, open to members and non-members alike, is perfect for those new to Digital Photography, as well as intermediate level photographers seeking to improve their technique.

As in prior years, this acclaimed course provides in-depth coverage of:

- The nature of a Digital Image
- Camera Controls and Menu Settings
- How to select the right camera
- Lens Selection
- Focus and Depth of Field
- Perspective
- Light
- Exposure
- The Visual Language: Creating images that elicit an emotional reaction

iPhone and Android photographers skip sessions on Camera Settings and Selection, and instead attend a dedicated session covering:

- Basic and Hidden features of your Phone Camera
- Manual settings
- Filters and Editing Tools

Exclusive for intermediate level photographers:

- Exposure in the Creative Zone
- Advanced Lighting
- The Histogram
- Color Management
- Monochrome Photography

Field and Lighting Workshops complete with preparation and critique are included.

Registered participants will receive detailed class notes prior to each class. This is a quality class guaranteed to improve your photography and jump start your creativity.

Introduction to Digital Photography is aimed at novice photographers.

- 8 Classes
- 2 Field Workshops
- 1 Lighting Workshop

Weekly classes meet 6:30-8:30 pm from early January through late February.

The fee for the course, workshops and class notes is only \$45 (\$40 for club members).

SmartPhone Photography is for those seeking superior images from their iPhone and Android Cameras.

- 7 Classes
- 2 Field Workshops
- 1 Lighting Workshop

Weekly classes meet 6:30-8:30 pm from early January through late February. A special session on iPhone and Android Settings and Techniques replaces dedicated camera classes.

The fee for the course, workshops and class notes is only \$45 (\$40 for club members).

Mastering your Technique is aimed at intermediate level photographers.

- 12 Classes
- 3 Field Workshops
- 2 Lighting Workshops

Weekly classes meet 6:30-8:30 pm from early January through late February. (SmartPhone class is optional and complimentary).

The fee for the course, workshops and class notes is only \$80 (\$70 for club members).

All classes meet in the Sun Lakes Country Club: 25601 N. Sun Lakes Blvd. (South of Riggs Road).

Whether you want to develop your skills, successfully transition from 35mm film, need a spark of inspiration, or build a solid foundation for your photo technique, please print, fill out and return your Registration Form.
